Life City Church Canberra's Blurbs

About me:

LifeCity is a dynamic new church in the early stages of launching in Canberra. With the heart to be a 'dynamic City Church with Global Reach' the future is already looking great as new people connect themselves to what God is doing in and through us.

Unfortunately there will be no Revive320 this coming Sat night the 7th however we will be having a Team meeting and training day coming up soon. If you are interested in attending give us a buzz as we would love to have to come.

We will also be talking of the strategy for this year in launching and developing LifeCity.

If you are interested make sure you contact us and come to the prelaunch gathering. It is only early days but what God is already doing is incredibly exciting as the dream starts to take shape in reality. There are already a couple small groups (Life Communities) and Social Events (Life Events) going so feel free to contact us if you are interested in learning and connecting to what is going

In Feb 2007 we will be launching our Sunday Services in Narrabundah and would love to hear from you if you are interested.

4 Life,

Josh and Ange (& Joelly and Bub No.2 onday)

Hey Josh, how's life in ACT? Hope all is progressing smoothly - although bumps do build character.

By the way it seems NRG is good to go for the Cooma Show!

Not sure bout everyone else but your Myspace is pretty much impossible to read on my computer - your friends are invisible...Interesting.

Catch ya at the leaders retreat.

Hey Life City!
Thanks for the lengthy B'day comment! I appreciate it!
Interesting meeting the other night, hey!
We have a great team! I think that as we all grow and change, we can collectively build something with NRG Ministries that will become something of an example and standard for a lot of youth ministries! Who says that a bunch of ordinary people working together can't change the world!?

>"MaTtEo"< 2 Nov 2006 9:18 P

I can't say much in such a small little box but this house will change the way the world views the church. More importantly it will change the way the church sees the world. Revealing a real gospel to real people. Revealing a real God through their hands. love these guys
